THE JOURNEY OF STANDARDS AND  
ACCREDITATION FOR THE SENIOR  
LIVING INDUSTRY , SO FAR.....”

---

Spent an absolutely amazing 4 days in Bangalore , Cochin, Delhi and Gurgaon with passionate and eclectic groups dedicated to the cause of senior care .What was also gratifying that the average age of all the providers and CEO owners were sub 50.

Young , dynamic and full of ideas. The sector is set to get deeper. These visits were topped by the first Accredited certificates handed over ceremony by the C.Sec. GOI in Delhi .

We launched the first standards and accreditation programme for India on 22/1/21. On 16/6/22 , the first two certificates to two communities who achieved Platinum status were handed over . Our circle now complete .
